Proposed Jewish State / Estado judío propuesto

Proposed Arab State / Estado arabe propuesto

On November 29, 1947, The United Nations' General Assembly adopted a partition plan as UN Resolution 181 by a 33 to 13 vote. The resolution split Palestine into two separate states. The Jews accepted the partition plan even though it was less than they believed they had been promised. The Arabs rejected the partition plan and the creation of a Jewish homeland in any part of the area.

Israel Settlements in West Bank

Areas restricted to Palestinians

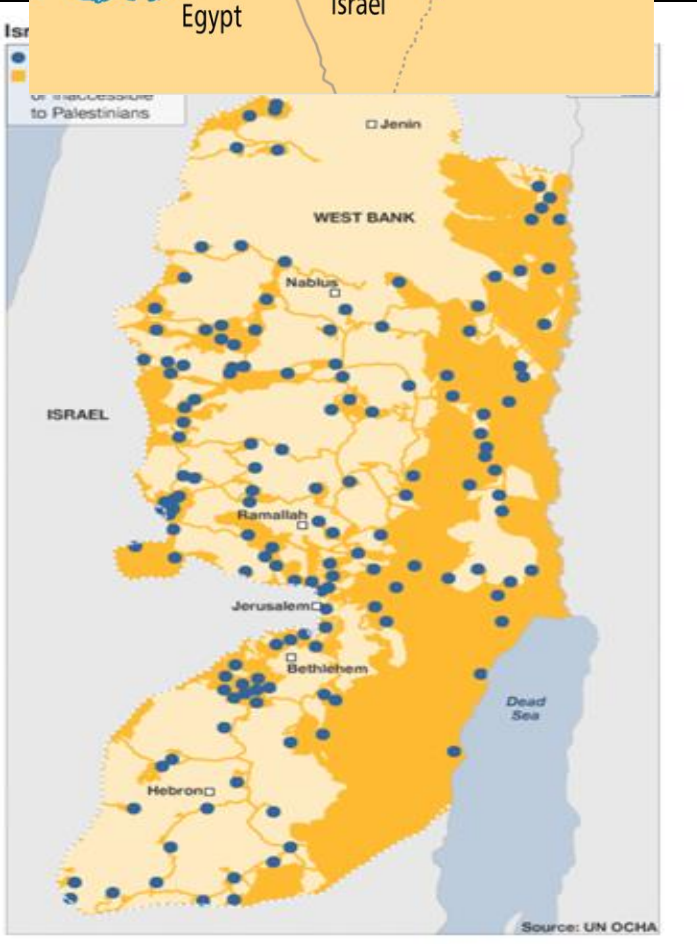

Dr. Ben-Artzi says, "We have brought almost 1 million Jews to Judea and Samaria and to East Jerusalem. Judea and Samaria are the biblical and historical lands of the Jewish people. Just open the Bible. It tells about the Jewish people coming 4,000 years ago. The Arabs only came about 1,000 years ago!"

Judea and Samaria are the biblical names for the West Bank. Israel's military has controlled this territory for 50 years. During that time hundreds of thousands of Israeli settlers have moved here to claim the land.

El Dr. Ben-Artzi dice: "Hemos traído a casi 1 millón de judíos a Judea y Samaria y a Jerusalén Este. Judea y Samaria son las tierras bíblicas e históricas del pueblo judío. Simplemente abran la Biblia. Hablan sobre el pueblo judío que viene. Hace 4.000 años. ¡Los árabes solo llegaron hace 1.000 años!"

Judea y Samaria son los nombres bíblicos de Cisjordania. El ejército de Israel ha controlado este territorio durante 50 años. Durante ese tiempo, cientos de miles de colonos israelíes se mudaron aquí para reclamar la tierra.

Israeli-Palestinian Conflict: Document D

Israel Settlements in West Bank

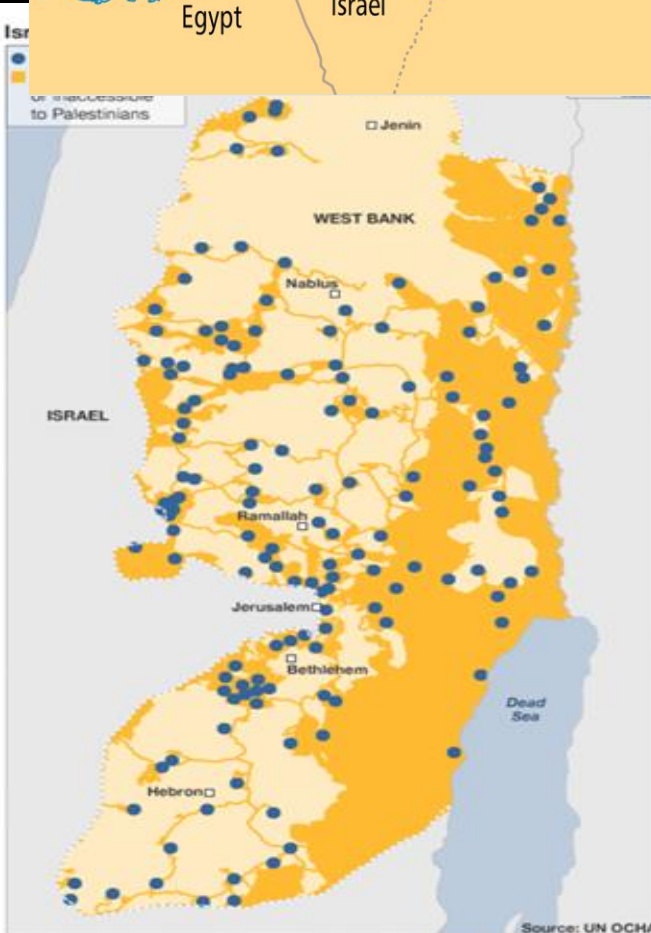

Areas restricted from Palestinians

The West Bank and Gaza are the only lands open to Palestinians. These small pieces of land were to become an independent Palestinian nation for many years. Now, Israeli settlements are taking that land, too. Settlements have 440-mile long concrete walls to protect them from Palestinians. This makes it very hard for Palestinians to travel in the West Bank.

"Everywhere in the West Bank you find settlements," says Issa Amro. Mr. Amro runs the private organization called Youth against Settlements. "If you travel from the north to the south of the West Bank, all the hilltops have been taken over by the settlers," he says. "So you feel very frustrated. Where will my country be?"

Cisjordania y Gaza son las únicas tierras abiertas a los palestinos. Estos pequeños pedazos de tierra se convertirían en una nación palestina independiente durante muchos años. Ahora, los asentamientos israelíes también están tomando esa tierra. Los colonos tienen muros de concreto de 440 millas de largo para protegerlos de los palestinos. Esto hace que sea muy difícil para los palestinos viajar en Cisjordania.

"En todas partes de Cisjordania, se encuentran asentamientos", dice Issa Amro. El Sr. Amro dirige la organización privada llamada Juventud contra Asentamientos. "Si viaja desde el norte al sur de Cisjordania, todas las colinas han sido tomadas por Los colonos", dice. "Entonces te sientes muy frustrado. ¿Dónde estará mi país?"
