ANCIENT ROME TIMELINE

Step #1

On another piece of paper, label it "Ancient Rome". Then place your name and date on the back of it.

Step #2

Draw a straight line across the front of the paper.

Step #3

Using a ruler, mark every inch across the line starting at the very edge of the paper.

Step #4

On the first mark on the left side of the line, label it 800 BC. Then, along all of the 1 inch marks, label them by every 1 inch = 200 years (note: these dates are B.C., so numbers go backwards). Label the scale on the paper.

Put each of the dates below on your timeline where they appropriately fit. Make sure you have 10 events.
