Background Essay: Caption Method

We are going to chunk (**pedazo**) and summarize (**resumir**) this essay using the caption method.

According to the Treaty of Versailles, the Rhineland, a strip of land inside Germany bordering on France, Belgium and the Netherlands, was to be de-militarized. That is, no German troops were to be stationed inside that area or any fortifications built. The aim was to increase French security by making it impossible for Germany to invade France by surprise. Other terms restricted the German army to 100,000 men and the navy to just six ships. Germany objected to the terms of the treaty but were told to sign it or the war would begin again.
