Monday Do Now

“If man in the state of nature is free, if he is absolute lord of his own person and possessions, why will he give up his freedom? Why will he put himself under the control of any person or institution? The obvious answer is that rights in the state of nature are constantly exposed to the attack of others. Since every man is equal and since most men do not concern themselves with equity and justice, the enjoyment of rights in the state of nature is unsafe and insecure. Hence each man joins in society with others to preserve his life, liberty, and property.”

— John Locke, *Two Treatises of Government*, 1690

This statement provides support for the

- (1) elimination of laissez-faire capitalism
- (2) formation of government based on a social contract
- (3) continuation of absolute monarchy
- (4) rejection of the natural rights philosophy

“Not by democracy or liberal standards will our goal be achieved but by blood and iron. Then we will be successful, no nation is born without the traumatic experience of war.”

—Otto von Bismarck

This statement was used to justify a policy of

- (1) ethnocentrism
- (2) militarism
- (3) containment
- (4) appeasement
